ABSTRACT OF THE DISCLOSURE

[The present invention relates to the field of cosmetics and more especially to compositions meant for care of the female bust.]

Cosmetic compositions of high viscosity for care of the female breasts [meant to be applied to] for application to the skin directly or indirectly by means of an adhesive item of fabric attached to an item of ladies' clothing. [characterised in that they include] including at least one [or several] extract[s] of plants with an estrogen type action and an extract of the plant *Kigelia africana* or *Kigelia pinnata* in a viscous excipient that is non allergizing and harmless on the toxicological level.

[Used for bodily beauty care.]
